## **BALTFISH Joint Recommendation on 2017 Fishing Opportunities for the Baltic Sea**

This Joint Recommendation has been prepared by the BALTFISH High Level Group. It represents the common position of the Member States from the Baltic Sea region: DE, DK, EE, FI, LV, LT, PL and SE, hereinafter referred to as BALTFISH. In cases where positions differed, the Joint Recommendation contains compromise solutions proposed by the Presidency.

Certain Member States still have parliamentary reservations and their final positions are subject to further confirmation.

This Joint Recommendation is prepared as a balanced package and seeks to take into account the diverse positions and concerns of Member States on specific stocks.

The BALTFISH position on 2017 TAC levels for the relevant fish stocks, including accompanying measures, is as follows:
